Latest design powerful speakers for background music.

VIVA 5

Elegant contemporary design, smooth cabinet surface with body coloured steel grill. Classic shape with an advanced twist that lends this loudspeaker to adapt easily in a wide variety of contemporary interiors and become an integral part of the architecture. The newly designed semi-circular mounting bracket enables a wide array of mounting possibilities. It not only looks good, but also makes it easy to adjust the mounting angle within a 15 degree radius. The ultra thin and flat power selector looks very elegant, and the use of the integrated Phoenix connectors highlights the advanced design of the loudspeaker. The AMC logo rotates, available in white and black.
