SET IT UP YOUR WAY

A choice of ceiling, wall, or table mounting options gives you ultimate flexibility and the freedom to highlight your tech or keep it incognito in any environment.

SCALES WITH YOUR ECOSYSTEM

Add Stem Speaker to your other Ecosystem devices to expand sound in any meeting space.

SIMPLE CONTROLS

Turn the sound up or down with volume buttons on the device or adjust the speaker volume using Stem Control.

TURN UP THE TUNES

Beyond video conferencing, you can also use Stem Speaker to play program audio, background music, or listen to your favorite songs at full volume.

INSTALLATION

Power over Ethernet (PoE+) and networked setup eliminate complicated cabling and make installation effortless.

STEM ECOSYSTEM PLATFORM

Stem devices are backed by a robust platform full of tools designed to make the process of adopting new technology effortless for anyone. You can access the Stem Ecosystem platform via Stem Control, iOS or Android app, or via HTML web browser.

RoomDesign

Virtually recreate your room so you know exactly what audio devices you need before you buy. Choose your favorite combination of devices, place them in your desired location, and even check the estimated coverage ranges.

RoomAdapt

No manual configuration or tuning needed. At the press of a button, Stem devices will listen to and automatically adjust and optimize device settings specific to the acoustic signature of your room.

RoomCheck

By listening to your voice, the noise in the room, and measuring the reverberation that your room acoustics produce, RoomCheck generates a heatmap highlighting the expected audio quality for different areas in the room.

Remote Management

See what's happening across your organization at any given moment. Learn from data-rich statistics about room usage and performance, or schedule automatic device updates, all in one place.
